Cadet William J. Mayo
861 Lexington Avenue
Cincinnati, Ohio 45229

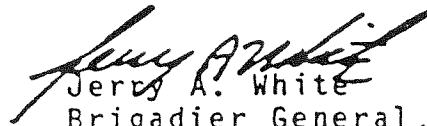

Dear Cadet Mayo:

Congratulations! You have been selected to receive an Active Army ROTC two-year scholarship commencing in school year 1987-88 to pursue a baccalaureate degree in Political Science. Your selection was made by a board of officers at the 1987 Camp Challenge and was based upon your camp performance, demonstrated leadership ability, and your potential for academic excellence to your chosen discipline. Upon enrollment in Military Science III this fall, you will begin receiving financial assistance effective with the fall semester or quarter. Your professor of military science will have the responsibility to ensure you are academically aligned at the time you complete military science and your academic programs.

Your professor of military science is being informed of your selection. He will assist in the completion of requirements for you in the Army ROTC program as a scholarship cadet. You should contact him immediately.

Please accept my congratulations and best wishes for your future success. We look forward to your participation in the Army ROTC program.

Sincerely,

Jerry A. White
Brigadier General, U.S. Army
Commanding
